## **FRISCO IMPLEMENTS 'STAGE ONE' OF DROUGHT CONTINGENCY PLAN**

(June 27, 2005) The City of Frisco is implementing "Stage One" of its Drought Contingency Plan, which promotes water conservation through public education.

This stage is activated when the total city water usage exceeds 25 million gallons per day for seven consecutive days.

The City of Frisco reminds citizens no outdoor watering is allowed between the hours of 5 a.m. – 8 .m. and 10 a.m. – 6 p.m.

If the lack of rainfall persists, Stage Two of Frisco's Plan involves limiting outdoor watering to two days a week, based on an "even-odd" address system.

For more information about Frisco's Water Conservation and Drought Contingency Plan, call Jody Purvis, Water Education Coordinator, at 972-335-5520 or go <http://www.friscotexas.gov/publicworks/restrictions.html>
